Payment method : Settlement prompt by bank transfer at the order confirmation before the delivery.

With BWS you can pour two different coffee origins in the same filterholder and extract them equally blended in the same cup or extract them while keeping their respective characteristics unaltered and distinct. Simply insert the BWS in the filterholder in the position of your choice, grind your coffee into the filterholder to brew a unique cup of espresso coffee and surprise your customers.

At the link <https://www.facebook.com/pages/BWS-Blend-Wheel-System/1390883977838157?sk=timeline> you can find the BWS video presentation, made with Mr Giacomo Vannelli, 2014 Italian Barista Champion.
